

BATCH STEAM TREATER & DRAW FURNACE

Improved corrosion resistance
Improved surface hardness
Porosity sealing

4 Mesh Baskets Included:
 762 mm/30.48 inch. diameter
 300 mm/12 inch. height

Design Features:

- Heavy-duty steel construction
- Top access, pivoting lid assembly
- Radially-hung wire-wound heating elements
- Gas-tight, high-temperature circulation fan
- Ceramic fiber modules
- Heat-resistant alloy retort

- Long-lasting durable construction
- Easy loading/unloading access
- Uniform heating
- Uniform steam distribution
- Low thermal mass/storage/heat loss
- Vertical/Upright design
- Efficient floor space utilization

Steam or Annealing Process:

Repeatable and Reproducible product properties
 Highly productive energy efficient designs
 Rugged and Reliable construction

Electric configurations
 Gas-fired or electric steam boiler
 Available hoist and mezzanine
